Some options
Rewards and benefits
Profile of a typical consultant
Plan to work as an independent
How to start consulting
IEEE helps consultants
What works for me
Experiences of other local IEEE consultants
Questions
Lunch-free to all attendees, courtesy of Los Angeles Council

ABOUT THE SPEAKER:

Bob Gauger is a life senior member of the IEEE and has been an independent consultant for more than 20 years, specializing in reliability and availability of HVAC and power, particularly for military and government facilities. As PACE chair for the LAC, he helped organize the original consultant's networks in the LA and Orange County area. Now, he is serving on the coordinating committee that works with nearly 40 other IEEE consultants' networks across the US
