

BUENAVENTURA SECTION

Your Buena Ventura Section volunteer leaders are pleased to announce that our own Ciao Wireless has been selected to receive the following award:

IEEE Region 6 Southern Area Outstanding Corporate Service to the Engineering Community Award for 2011 Ciao Wireless

Citation: For supporting the IEEE Buena Ventura Section's Microwave Theory and Techniques Society Chapter and for encouraging employees to maintain their IEEE memberships.

Ciao Wireless specializes in the design and manufacture of RF & Microwave Amplifiers and Assemblies for both the Defense and Commercial Industries. With over 100 man years of experience in the RF & Microwave industry, Ciao Wireless is a worldwide leader in supplying RF Amplifiers from 30 kHz to 30 GHz.

Company support of IEEE activities: Ciao Wireless has been a sponsor of the Buena Ventura Section's MTT-S Chapter for 8 years. In this capacity Ciao Wireless has provided a venue for monthly MTT-S Chapter meetings. Plus the company has also provided refreshments for the meeting attendees over this period. In addition, Ciao Wireless encourages its employees to support STEM development activities through schools and county science fairs.

Congratulations to Ciao Wireless on this award! Reported by Doug Askegard, Awards Chair.
