

**Date/ Time:** Tuesday May 12<sup>th</sup>, 2015  
6:30 PM Pizza & networking  
7:00 PM Presentation

**Location:** Skyworks Conference Room  
Newbury Park, CA 91320  
(See RSVP/Directions Below)

**Speaker :** **Mihai Puchiu, Ixia Communications**

**Title :** **WebRTC and the Next Revolution in Telephony**

**Abstract:**

A new technology shakes the world of voice communication: WebRTC has the potential to be the replacement of the over the top voice applications. The session will cover the technology and the challenges addressed by WebRTC, giving an overview to the WebRTC ecosystem. The impact to Service Providers, Network Equipment Manufacturers and Application Developers will be also addressed.

**Bio:**

Mihai Puchiu has more than 15 years of experience in Voice over IP applications, deployments and system testing. He is currently a Senior Project Manager at Ixia Communication where he is part of the Application and Security Testing team overseeing the Media (Voice and Video) testing solutions. At Ixia, in the last 10 years, Mihai defined and coordinated the development of several test solutions for VoIP, IMS, VoLTE, VOD and Video OTT. Mihai holds a BS in EE from Polytechnic University of Bucharest.
