

GIRLS MAKE STEM WITH

Middle school girls explore science,
technology, engineering and math

Saturday, April 13, 2024 – 10:00 AM to 2:30 PM
Isbell Middle School (Harvard Blvd. Entrance), Santa Paula

**Event is free of charge,
but capacity is limited.**

Register today at

www.ieee-bv.org/stem

Lunch will be provided.

GIRLS CREATE
TECH

Girls in grades 5 to 8 will become scientists and engineers for a day. They will explore fun ways that science, technology, engineering and math can help sustain our planet. Students can choose from workshops on chemistry, circuits, gravity, programming, solar energy, or sound.

**SHARE IDEAS,
BUILD PROJECTS
AND HAVE FUN**

This event is organized by the IEEE Buenaventura Section, with the gracious hospitality of Isbell Middle School in Santa Paula. The event is supported by women and men in STEM professions, and by IEEE.

Please Note

- Doors open at 9:30 AM
