The mindset and process of Marketing is a core element in starting a business. We will look at these and their impact on your messaging, operations and funding efforts.

Bridgeman Carney (Bridge) began his career on the technical side in very first days digital computers, then later moved into the marketing side and completing his personal ‘tri-fecta’ as a top salesperson with assignments in large and small technology companies.

Mr. Carney's roles range from 'in-the-trenches' to executive management is all phases of his career. He is today an expert in Marketing aspects of a business and works extensively with early stage companies. Carney's work establishes a Management team's values in the mind set and process of Marketing needed to construct business's core values, go-to-market strategies.
